### INFILTRATE

Holding on... Won't give in,  
Fighting to keep my sanity  
Must be strong, holding on  
Keeping away from my enemy

Oh no! Once again, I lost control now I'm in need  
Why the hell do I give in?  
Am I so blind I can't see?

As it starts to infiltrate you  
you will quickly lose your mind  
I will lose it all in time...  
You can not run away.

So high, need to get down  
No one's around to help me.  
All is wrong, nothing's right  
Oh dear God please help me

Oh no! Once again, I lost control now I'm in need  
Why the hell do I give in?  
Am I so stupid I can't see?

As it starts to infiltrate you  
you will quickly lose your mind  
I will lose it all in time...  
You can not run away.

As it starts to infiltrate you  
you will need it more each time  
You will lose it all each time....You can not run away(x2)
