Staring through a dusty window  
Feel the cold from barren walls  
Inside his mind the voices calls

A portrait hanging face betraying  
Wicked gleaming eyes from hell  
The portrait knows his name, is he insane?

Nowhere to run from the things that he has done  
Sally screams his name in his mind  
Sally's eyes, the portrait tells no lies  
Sally wants his life

She's sweeping through the dark horizons  
Through the astral planes of earth  
Sally wants revenge, a second birth

From the pictures eyes she sees him  
Sees the man that took her life  
He's going mad, he's lost reality

Nowhere to run from the things that he has done  
Sally screams his name in his mind  
Sally's eyes, the portrait tells no lies  
Sally wants his life, he's screaming

Help me, Sally's calling  
Save me, insanity  
Help me, Sally's calling  
Save me, insanity

She cause him pain by haunting him insane  
Hysterical laughs, she force him to his grave

Feel the cold from barren walls  
His body holds his soul  
For all eternity he's sold  
Crying for some peace of mind  
He's crawling on the floor  
To high to reach, to low to fall

Nowhere to run from the things that he has done

Sally screams his name in his mind  
Sally's eyes, the portrait tells no lies  
Sally wants his life, he's screaming

Help me, Sally's calling  
Save me, insanity  
Help me, Sally's calling  
Save me

Help me, Sally's calling  
Save me, insanity  
Help me, Sally's calling  
Save me
