If I open up my mind
And receive the other side
Where the day reflects the night
In frenetic timeless time
And knowledge is a well
There in heaven there in hell
Where every thought and fantasy
Is reality

On the other side in the immutable
Eternity
On the other side in the impalpable
Eternally

There I face my soul
Angelical Â– unbound
A shadow of the free
Forever meant to be
And the presence that I feel
From my kindred soul
Strengths my life Â– my energy
Through eternity

On the other side in the immutable
Eternity
On the other side in the impalpable
Eternally

There I've found the power
The secret source
The grand materia
The shadowstone Â– my soul
There I drink the knowledge
There I find the truth

But it can be hard to stand
The menacing and sad
That is beyond my grasp
Like heartbeats in the vast
That entity that's haunting me
Searching for my soul
It's everywhere Â– unreachable

Not tangible

On the other side in the immutable
Eternity
On the other side in the impalpable
Eternally
