[Bonus track on double vinyl]

Every truth and lie wear a sign  
Just open your mind  
Every search needs wide open eyes  
Cause blind you can not find  
Of all metaphors in all those tales  
There's the quest for the grail  
You can't find the chalice  
But the blood that were betrayed

Sangreal Â– explore the shadows of Christ

I see creation in all  
It's in the wheel of time  
Two parts combined to spread  
New life Â– what's more divine

All the gospels about the truth  
Of the Christ and his life  
Were ignored and twisted so  
It never could be revived

One way  
One truth  
It's imbedded in life

Just find a way to see through the lies  
Explore the shadows of Christ

Sangreal Â– explore the shadows of Christ

A heretic emperor  
Converted to the church  
Just to gain his power over  
The empire he gave birth

All the ancient beliefs  
And all the symbols and rites  
Were declared as evil,  
An obscure path away from the light

Sangreal Â– explore the shadows of Christ
