[AMG]

Yeah

Somethin for ya to.. ride to  
So uhh, let it bump in the trunk cause

[Chorus]

It's all to the good  
when you're bumpin in the leather and wood  
It's all to the good  
when you're bumpin in the leather and wood

[AMG]

I jumps in the Lex-o, on the way to L.A.  
Had a payday, now I need a boo-tay  
Too many freaks rollin with they top down  
I'm a hound, so I clown and turn up my sound  
Light a beadie up, see a hoe I wanna know  
so I speed it up, hope she eat it up  
Too quick on my dick, then she jumped in  
Star struck little hooker with a rump  
Lookin like a melon  
She knows I get paid for sellin my spellin  
I'm tellin ya, 17 was the age of the P-Y-T  
Hey you need to ride with me  
She said as my head shook no  
Park the bucket you tramp and don't slam my do'  
As she got in, all I had to say was  
Damn Cube, today +was+ a good day

[Chorus 2X]

[AMG]

Had a early booty call about 10:30  
Got the eight-five-oh, cause the Lex' is dirty  
Had to go and get the hooker from the Wood  
No drama, cause it used to be my hood  
Hit the horn for the hoodrat to come out (c'mon)  
Long hair, redboned booty no doubt  
She's the freak of the week, that's what my homies say  
Thinkin I'm a trick and a treat, like a holiday  
but I gots better plans for mine (what?)  
I ain't even tryin to pass the time

Took the hoe to the beach y'know  
Got her high off the bomb ass indo  
And the bitch got naked in the B-M  
Then I rocked that ass, like a coliseum  
And that's how it goes you know  
When you fuck with the three to the oh and fo'  
Cause it's

[Chorus 2X]

[AMG]

Check this out, yeah  
Feelin grand in the blue Cherokee  
Sippin on a little Coke and Hennessy  
Pager blowin up and lookin like the voicemail  
Tenderoni wanna meet me at the hotel  
On the way to the spot, I see Poppa LQ  
and Girbaud, with a car full of hoes  
And they want me to stop, but I cain't cause  
I'm on my way to see E, to get the bombudd  
Get the smoke then I'm headed down Pico  
Bust a right on the way, to the Nico  
Lookin fly in Kani walkin through the lobby  
Bout to go to the suite and hit my favorite hobby  
As I walked in the door to get the booty Hobbes  
She fell down to her knees and gave me props  
And she's lookin like a queen to me  
Got a number two fiend for the jeep to creep  
Cause it's

[Chorus 2X]
