Silence, on angels wings Brings me closer
Death in the devils hands Brings me closer
Oh, The cast is on and Iâ'm broken
This will not last, I will break again
Oh, Pierce me with a remedies I will bleed the plague
Remember when you saw him die
Remember when he saw you suffer
The memories are so grey I will not live much longer
Ohhh!
your lies, lie within Your eyes, lie to me
Break my heart Like you broke the promise
Remember when you saw him die
Remember when he saw you suffer
The memories are so grey I will not live much long
