sometimes a woman's gonna trust her friend
More than she trust her man (tell me why)
And it's so sad when a bestfriend
Turns out to be the deceiver.

Verse1

My phone rang about
Three o'clock in the morning
And i thought it was you
It was your bestfriend
Said she was lonely
And asked me if she could come over
She said it would be our secret
But i couldn't live with it
What made it worst she is your

Chorus

Bestfriend who became my friend then behind your
back
She tried to get in my bed
Baby I admit it
I didn't hit it
Cause if I did I wouldn't be no better than
Your friend who became my friend
Then behind your back
She tried to get in my bed
Baby i admit it I didn't hit it
Cause if i did i wouldn't be no better than your friend

Verse

So many times you said you can't trust me
So many times you think i was lying
But this is just how it happened
Take a look in your life
And analyse the friend that you're keeping
And how she wants to be creeping with your man
It's so sad she is your

Bestfriend who became my friend then behind your
back
She tried to get in my bed

Baby I admit it
I didn't hit it
Cause if I did I wouldn't be no better than
Your friend who became my friend
Then behind your back
She tried to get in my bed
Baby i admit it I didn't hit it
Cause if i did i wouldn't be no better than your friend

(Chorus)

Bestfriend who became my friend then behind your
back
She tried to get in my bed
Baby I admit it
I didn't hit it
Cause if I did I wouldn't be no better than
Your friend who became my friend
Then behind your back
She tried to get in my bed
Baby i admit it I didn't hit it
Cause if i did i wouldn't be no better than your friend
