You came into my life and changed my world
Oh baby I never knew love could feel this way
My heart skips a beat whenever I'm with you
And lately it seems no one else could love me like you
do
And that's the reason I want to spend my life with you

Chorus:

Just say you'll stay forever with me
There's nothing I wouldn't do baby
Coz' when you're with me I realize all I need is you
All I need is you

Can't imagine my without you here in my life
Your love is so real
You pick me up
Oh girl, don't leave tonight
There's nothing I want than just to hear you say

you love me, girl
Understand that you're the only one for me
in this whol world

Just say you'll stay forever with me
There's nothing I wouldn't do baby
Coz' when you're with me I realize all I need is you
All I need is you

The first time I held you in my arms
I knew you were the one
Heaven sent you down to me
When my world was gray
you were my sun

Just say you'll stay forever with me
There's nothing I wouldn't do baby
Coz' when you're with me I realize all I need is you
All I need is you
