Never ever thought that I'd  
Lose a love like you  
And now I must go on  
And stay strong  
Until I'm back with you  
Even though I know it's now the same  
My heart will never ever change  
For I love you so, I can't let go  
I need you right here with me

(chorus)  
Until you come home  
I will always be alone  
Cuz no one can take your place  
I need you right here...by my side  
So baby come home  
I don 't want to be alone  
I'll be everything that you need  
so come back girl  
Come back to me

I know that we'll work it out  
Cuz just for you I can do without  
All my selfish ways, it won't be the same  
And this I promise you  
And if you don't believe it I  
Would change everything for you  
(There's nothing I can do) There's nothing i can do  
But stay true until you come back to me  
(Chorus)

Until you come home  
I will always be alone  
Cuz no one can take your place  
I need you right here, by my side  
So baby come home  
I don't want to be alone  
I'll be everything that you need  
So come back girl  
Come back to me

I know that it's gonna be okay  
If you give me the chance

To show you that I will stay  
Forever strong, with you is where I belong  
So until you come home I will wait

(chorus)  
Until you come home  
I will always be alone  
Cuz no one can take your place  
I need you right here, by my side  
So baby come home  
I don't want to be alone  
I'll be everything that you need  
So come back girl,  
Girl, until you come home  
I will always be alone  
Until you come home
