You left me no choice but to love you forever
Baby that's a vow that I want to make
The way that you love me makes it so easy
You'll never have to worry about a heart that might
break
You make me feel like we can do anything we put our
minds to
They said we'd never make it
I'll prove to you that we will

Climb the highest mountain to the sky
Baby that's what I would try
The way I feel is not a mistake
Swim the ocean 'till I get to you
Baby that's what I would do
Said I'll do whatever it takes

I felt them before
Some doubts and indecisions
Feelings like I just wanna give up
Been put through the test of earthly temptations
But you were my strength and you were my guide
There's nothing I could give you
To make up for the love you give me

I'll do whatever I have to
To live my life with you

Climb the highest mountain to the sky
Baby that's what I would try
The way I feel is not a mistake
Swim the ocean 'till I get to you
Baby that's what I would do
And anything, girl, whatever it takes

It doesn't matter
I would give the world to you
Nothing else to give (to give to you)
Cuz everyday I thank the Lord above for you
To keep you hear I'd do whatever it takes
(Whatever it takes)

Climb the highest mountain to the sky
Baby that's what I would try
The way I feel is not a mistake
Swim the ocean 'till I get to you
Baby that's what I would do
And anything, girl, whatever it takes
I'll do whatever it takes
