Anthony Caro was a fairly respectable man
He trained as a sculptor but it never quite went to plan
And now he's doing things with metal shapes
He's making things we can all appreciate
Woah woah woah

I'm stuck in a feeling
I'm stuck in a feeling yeah
I'm stuckin in a feeling that I, Oh I
I'm stuck in a feeling
I'm stuck in a feeling yeah
I'm stuckin in a feeling that I

That all the songs, and people I see
Remind me of, this rickerty relationship
All the songs, and people I see
Remind me of, this rickerty relationship

Up Werneth Low a man is drawing himself in the clouds
He looks angelic 'cause he's shadowing half of the town
And now we're looking down at the folks below
Singing these songs that nobody knows yet

I'm stuck in a feeling
I'm stuck in a feeling yeah
I'm stuckin in a feeling that I, Oh I
I'm stuck in a feeling
I'm stuck in a feeling yeah
I'm stuckin in a feeling that I

That all the songs, and people I see
Remind me of, this rickerty relationship
All the songs, and people I see
Remind me of, this rickerty relationship
