come...train is come in  
upper bore the light still harming  
your shadows blue in the mourning sunrise  
and you cold in your court

wrap my phone  
squeezes heart is your tired answer let you  
its ok...  
just leave down

can you tell this how much you've taken  
can you tell this when you began the fill on well  
hell a guess will try to save you

i see that guy on the rooftop  
i never knew a blue felt like  
oh... everything so soft and cold...  
hello, goodbye my love I need a little assistance  
i can not move...  
they cut my pant legs open and they stole my shoes

everything green and leaving  
sweet swarm waiting quiet in the night  
the sirens came in blue on by  
the check for your ID  
so take in car your next of kin  
the all they find is a peace of foil  
and a trouble that you in

I feel the light like a penny velvet  
i never knew a dept felt like  
I got some penny's in my pockets if you want just help  
yourself  
hello, goodbye my love I need a little assistance  
i can not breath...  
they cut my pant legs open and they gold on my  
sleeves

I am the sun  
I am the happy sun that on the children draw  
I am the crimson moon with hands upon your wall  
My fingers squabble in the bottom of your see

I'm pretty sure that naked stretcher wants for me  
I am the happy sun that on the children draw  
I am the crimson moon with hands upon your wall  
My fingers squabble in the bottom of the see  
I'm pretty sure that naked stretcher wants for me
