part I

From the heavens above, from the  
heavens above, we find innocence.  
From the depths, the depths of hell,  
comes everlasting darkness.  
The paths we crossed, led us to that  
choice we made.  
We shall pay, blind we were, blind we  
are.  
Can not see near or far,  
Serpent reaps, reaps your soul.  
We all are prey, prey we are,  
Souls are lost, souls he takes.  
A greater pain, evil makes.  
Confused man lives on,  
Awaiting God's wrath.  
The sun bleeds,  
A red sky, we're burning.  
Angel horns sound, four winds blow.  
The seven seals are broken,  
Wrath of God has spoken.  
On a hill, Christ appears standing.  
Come my children,  
I will take you home.  
I will free you of fear and pain,  
I'll free your soul and we'll soar  
above the sea.  
That's turning to fire.  
The fire burns, sea of red,  
Depths of hell.  
Accelerate, the sun it falls,  
Into the sea.  
Forever dark, it shall be.  
Fear and pain awaits your soul,  
You do feel agony, you feel sick,  
Endlessly.  
You're diseased, massively.  
Had the chance to make the choice,  
Now you may never go back.  
The sun bleeds, a red sky,  
We're burning.

Angel horns sound, four winds blow.

Seven seals are broken,  
Wrath of God is spoken.  
Sentenced to hell for eternity.  
I feel free, I feel free.  
The angels shed tear drops,  
As we watch...  
The lost children stray,  
I float into heaven,  
We drift into the light.  
Help me!

part II

(Spoken word)

An angel has descended, from the  
heaven high above.  
King of all the liars, betraying all  
Gods love.  
Enticing you with pleasure, he'll  
compromise your soul.  
He'll greet you with a smile, and the  
demons take their toll.  
Oh the prince of darkness,  
dementedly awaits,  
To turn the key for you to enter  
Hell's gates  
Scream insane, as I hurt you.  
Castrated, as I hurt you.  
Rip your skin, as I hurt you.  
Slit your throat, as I hurt you.  
Pleasure us more, as I hurt you.  
Joined in hell, as I hurt you.  
A demon you are, as I hurt you.  
Eternal pain, as I hurt you.  
More, more, more, more.  
The wise still reject, what's alive and  
has power.  
Neglecting the promise of hope.  
Now you can see, in the final hour,  
You're at the end of your rope.  
Rebellious to your forgiveness,  
Shunned from heaven for infinity.  
No access for hypocrisy,  
Forever remorse.
