"Listen"

Listen carefully
A message we bring to you.
Listen carefully,
The message he brings to true.

The spirit sees into your heart,
To take you away from the dark.
It is written between the lines,
Listen, don't be fooled.

And it is written that a fool,
Can't see through the lies.

The spirit sees into your heart,
To take you away from the dark.

The spirit sees into your heart,
To take you away from the dark.
We must listen, we must trust,
We must trust the spirit,
He speaks the truth.

Listen

You must listen,
We beg you to listen.
