This gleam in your eyes
It drives me insane
Will I ever see ... See it again

Want confess all my thoughts
And what I felt for so long
But the words I've got
Would came out so wrong

Death don't seem so bad
When I'm with you
My only love
Oh when you only knew
My courage is gone
What shall I do
My only love
Oh when you only knew

Why can't you feel
Feel like I do
Why can't you've got
The same feelings too

Death don't seem so bad
When I'm with you
My only love
Oh when you only knew
My courage is gone (I lost my voice)
What shall I do
My only love
Oh when you this only knew
