Every waking hour
My eyes are open wide
And my thoughts are still on her

Every little hour
I know she's my best ride
And I never won't leave her

Why I'll never leave her
Why I'll never leave aahhh...
Why I'll never leave her
Why I'll never leave aahhh...

My blood is going sour
If she's far away
It's struggling in my mind

Hey this thing don't hit me
I'm going for a walk
Million miles 'till I'll find

Why I'll never leave her
Why I'll never leave aahhh...
Why I'll never leave her
Why I'll never leave aahhh...

Once again...It feels alright...When she stroke my balls
at night
Don't wanna miss...how she act...yeah it feels so
goddamn right

Every waking hour
My eyes are open wide
And my thoughts are still on her

Every little hour
I know she's my best ride
And I never won't leave her

Why I'll never leave her
Why I'll never leave aahhh...
Why I'll never leave her

Why I'll never leave aahhh...
