Written by Beth Nielsen Chapman

You look so disbelieving at my suitcase by the door

My taxi's on its way

I can't take it anymore

Lately you've forgotten

What loving me is about

Well now you've got five minutes to figure it out

- Chorus -

You've got five minutes to tell me what I've needed to hear

You've got five minutes to show me that you're really sincere

That's not much time to change my mind

It'll take a miracle no doubt

And you've got five minutes to figure it out

Now I've got your attention

Here's what I've got to say

You better do some talking

'Cause my taxi's on its way

We used to set the nights on fire

Now every day is the same

Well now you've got five minutes to kindle the flame

Repeat Chorus

You could start with please don't leave me

And end with I love you

And if you'd only kiss me

The way you used to do

You could see a miracle come true

Repeat Chorus
