[chorus]

I am the thug of your dream
I'm back... said that I'm back
I am the thug of your dream
I'm back... said that I'm back

[verse 1]

The phone rings, the baby calls me
I want you and you want me
Money can buy my happiness
My money buyin' their stones (ok!)
Seducer, lover, striker, Big Sound boss
I've been around, she loves the Bad Boyz
This goes to my bitch
Bottle after bottle I turn another Hennessy
The niggaz know me
I take the sound of money and hit of street
Big is the Biggie and a murderer since kid
I hear "kill that motherfucker"
Mo' you don't know my face (haha)
If your girl is not home
She will be havin' an affair
Now we're in a Benz in Bel-Air

[chorus]

I am the thug of your dream
I'm back... said that I'm back
I am the thug of your dream
I'm back... said that I'm back
said that I'm back

[verse 2]

You've heard the "Dangerous Goods"
It's like the smoke from the gun smokin'
It's like mixin' Rad Bull with Johnnie "Walking"
It's like the hot body feel the rain fallin'
I'm in a silver Bentley or a yellow Enzo
I'mma fastman in a fast Benzo
I don't know if you pretended, snubbin' my cream
I'm clean! Ping-Ping! No nightmares (yea!)
I'm the sweet dream
Raisin' the sound on the block

I burst my eardrums with bright glock
It's Sound!

[chorus]

I am the thug of your dream
I'm back... said that I'm back
I am the thug of your dream
I'm back... said that I'm back

[verse 3]

Follow my trail, the marks of my Benz
Get out of my dream or I gun off you with my cream
The Big Sound Thug negotiation morphine
I'll leave you addicted and more lean

[chorus]

I am the thug of your dream
I'm back... said that I'm back
I am the thug of your dream
I'm back... said that I'm back
I am the thug of your dream
I'm back... said that I'm back
said that I'm back
