You've lost your hope, but
Those moments of pleasure
Will be fallin from heaven
If you only try

Time to get over
Start once again
You won't be lonley there's someone
To just take your hand

You don't believe in anyone
You don't believe in "your freedom come"
Til now you've tried to get away

Somebody turns on the lights
Time to think it over
Somebody holds the key
Somebody turns on the lights
You keep your hopes in heaven
Just let them rain on you

Usless to think about
Memories won't bring gack
Keep them well but those memories
Belong to the past

You hide in the past, put
Your "now" in the dakr
You close your eyes, don't believe in
Time to wake up!

You don't believe in anyone
You don't believe in "your freedom come"
Til now you've tried to get away

Somebody turns on the lights
Time to think it over
Somebody holds the key
Somebody turns on the lights
You keep your hopes in heaven
Just let them rain on you

What would you do if you found in the end
Love never will be the way love was meant
You will be lonely when you fall asleep
Without good memories to keep
