Something with me must be wrong
I miss the magic that once made me strong
It's time to push me out of my way
It's time to get where I belong
I'm gonna take my strings and go
I'm gonna chagne my name and quite the show

Get out of here
Jump in! Don't fear!

Take it, take it, take it, take it, jeah!
Though I don't know what's on my mind
Take it, take it, take it, take it, jeah!
I gotta take my chance
And I don't know where I'm going
But I don't even care
I'll have a litte try on my own!

I have to pack my tings and go
Where the warm and peaceful waters flow
No matter what I leave behind
Things could not get worse!
Oh, yes - I might be running away
I will find out - but surley not today!

The aim is the way
No rules today!

Take it, take it, take it, take it, jeah!
Though I don't know what's on my mind
Take it, take it, take it, take it, jeah!
I gotta take my chance
And I don't know where I'm going
But I don't even care
I'll have a litte try on my own!
