You got me wastin' half of my mind
You got me wastin' a whole lot of time
You got me runnin' up that old hill
You got me wastin' all that i feel

You must be jokin'
When you say you'll be mine
From now until the end of time
But I still hold that line
(Thought) I know you'll never be mine

Yo ugot me wastin' half of my mind
You got me wastin' a whole lot of time

I'll never listen to what my mind's gonna say
I'll never even try
I'll never listen to what my mind's gonna say
Whenever you go by

You got me wastin' half of my mind
You got me wastin' a whole lot of time
