Darling, I hate to see you So angry with the world
If people want a piece of you
Then they're missing something for themselves.
Maybe it's selfish of me to look at you and say
"Come back to me girl I love and I'll stay.

Coz I love your smile
Yes, I love your smile
How I love your smile
More than you know

Sometimes I might seem cold holding back my sympathies
For people stories and people tell
Can so easily be believed.
The truth gets so distorted when everyone knows best
And sadness tends to find his friends
On the road to righteousness -
Darling, let's never be a part of that

Coz I love your smile
I love your smile
Girl, I love your smile
More than you know

I don't know why
a laugh is hard to find
could it be all of our fears
that we hide behind?
Like bricks in the wall
I wanna see them
fall down!

Coz I love your smile
Yes, I love your smile
Girl, I love your smile
More than you know

Hey hey hey
I love your smile
Girl, I love your smile
When I love your smile
More than you know

Well, I love your smile
Cause I love smile, baby

You know what I mean
