All of me  
You found a way to all of me  
mmh  
And helplessly, I've fallen like a child  
Hopelessly, I'm hoping you're the one for me  
mmh  
You comfort me  
With every certain smile

But we have only just begun  
Still so much for us to learn  
Give and take; let's take our time  
Taking turns in touching  
Nowhere that I'd rather be  
Than with you making history  
Close your eyes; I'll close mine  
And learn to love you  
Tu tu tututu...

All of me  
You found your way to all of me  
And helplessly  
I'm faling like a child  
Hopelessly  
I'm hoping your the one for me  
You comfort me  
With every certain smile

But we have only just begun  
Still so much for us to learn  
Give and take, let's take our time  
Taking times and touching  
No way that I grab the bees?  
And with you making history  
Close your eyes, I'll close mine  
And learn to love you

No one needs to know  
If we choose to run away far from here  
tutu tututu ...

No one cares for each other here  
And no one shares words we need to hear  
We take what we want  
And turn our backs on it all  
Life is sweet coz we've got it all  
But who knows love as necessity?  
And who knows fear as reality

It's all mixed up in the highstreet shops  
Where you think you're smart coz the price is cut  
But two for one never means too much  
Coz it's all on top and you're in the clutch  
Of society boasting "beautiful"  
With the guarantee it's ephemeral  
You can see right through  
It's not made to last  
It's a precious lie  
with a heart of glass

Oh ohohoho
