You don't stop,
Day to day,
Up and down,
Picking up,
No one ever sees.
Memories take a toll,
Old wounds never go.
Look 'n see
Find a way,
Anyway
Way to be
Safer in your skin

Try to
Stay cool,
Keep low,
Let go,
Nowhere left to run.
Breakdown,
Rain dogs,
Freak clouds,
No words.
Secretly,
You'll be
Your own worst
Enemy,
With no one left to blame.

You better find someone,
You better find someone,
You better find someone,
Unlike me

Happiness
Has a home,
Have a guess
Where it is,
Have you ever been
To see
Pain and
Pleasure

Together?
Some say
They play,
Take turns
Each day
To make sweat happiness.

Don't start
Big heart,
Don't cry
Little fly,
Buzzing around your heads.
In time
You'll find
It's all
Behind you.
All said,
All done,
Who loves the sun
Shining ever more?
Shining ever more

You better find someone,
You better find someone,
You better find someone,
Unlike me

You better find someone,
You better find someone,
You better find someone,
Unlike me
