Giddy up and gold mine
Different place, different time
All the stars are in their prime
Pastel trailer park
Stars so bright to hide the dark
All is quiet in the yard

Giddy up and gold dust
All the cars turn to rust
You got no means for wanderlust
Pastel trailer park
Stars so bright they in the dark
All is quiet in the yard

(Mmmm, m-mm)

(Chorus)
If you are so frequently in love
If you prefer it all to me, then my love
You go down the longest road to nowhere
You pull it apart and you're just left there

Giddy up and gold mine
It's my life, it's my time
We been getting nowhere
Gold mine
Different place
Different time

Hold
Me down
Hold
Me down
Hope
Will be found

(Chorus)

You're waiting for it
You're waiting for it
And you're waving It here

And you're craving it here

If you fill my cup
With open lust, you
Speak for something

(Chorus x2)
