Put your pain aside
It's not the end of time
From where I'm standing

Come outside
Before you come undone
We'll take a drive
So you can breathe

The West coast wind tonight
Whispers under the starlight
Tomorrow's a new day

You've beat this before
And you can once more
'Cause you're not stranded

Kiss goodbye
The shadow you're under
And take some time
To get free

The West coast wind tonight
Whispers under the starlight
Tomorrow's a new day

Before the morning breaks
We'll make a quick getaway
Tomorrow's a new day

The pressure's been pushing down on you
Your mind can't make up what to do
It has been tugging at your sleeve

When all that you need is to be calm, calm
When you feel it coming on
When you feel it coming on

The West coast wind tonight
Whispers under the starlight
Tomorrow's a new day

Before the morning breaks
We'll make a quick getaway
Tomorrow's a new day
