This melody never seemed quite right nothing you
could ever sing along to eerie rythms creeping through
doors if I close my eyes you won't ever see me count to
ten you will never see me you won't ever see me hide in
sanction I'll show you how I bury myself tonight this
fear runs through my veins run run as fast as you can
never look behind never turn around run run till I find
who I am never look behind never turn around as I fall
facedown I was young and now I still remember I still
remember everything and everything and all the pain
you caused I'm living in this misery resisting evil
thoughts this is what's been haunting me beaten
tossed around blatantly I scream out loud I can't
scream any louder
