Baby C'mon

//1st vs.//

Do u know how it feels,
to be just a flight away?
and can u tell me is it real,
will this love go, or will it stay?
Well this aint my rookie season (nah),
it aint my 1st time to play (ehh yeah)
wont u put me up on yo field,
and let me score the winning goal in ur game!

//CHORUS//

Baby c'mon
It's been too long
Baby c'mon
befor I go crazy...crazy

//2nd vs.//

Now some will say that we're far apart
but distance aint the only thing.
So any time that ur feelin down,
pick up that phone, ang gimmie a ring...(ring)
and I'll be there for you honey...(honey)
I love you sugar, yes it's true...(ooh)
and we can stay up all night,
while the rest of the world goes to slleep at two!
