Return

//Intro//

Where has our innocence gone(rpt.)

//1st vs.//

That we had when we were young,
stolen away in the night,
this robber runs in daylight.
We're all at each other's throats,
buttin our heads in the home,
we're all together, yet so alone.

//CHORUS//

Return...Return.. to you
Return to you now (rpt.)

//bridge//

I really love you but I
(where has our innocence gone)
I really love you but I,
I really love you but I...

//2nd vs.//

Cant stand these things that you do
wont u stop them right now
& come back to all that's so true.
I'll never leave you alone
even when you do me wrong
sing along w/ this song
find your home....now

//CHORUS//
