Sunshine

//Intro//

ooh we baby...(rpt.)

//CHORUS//

She's just like,

the sunshine,

it hurts to look...into her loveliness(rpt.)

//1st vs.//

Oh dreams I confess,

seems we played out the best,

stingin pain in my chest,

singin shouldnt be this way.

Come on & test me,

you'll only just pest me,

it'll never, ever, be that way.

//CHORUS//

//2nd vs.//

Sing of the days,

when I change my ways,

then you will be amazed,

& grin at the work i have become.

I shaded my eyes,

to your lies on the rise,

& the pain, pain you would put me through.

//CHORUS//

//Instr. brk.//

ooh we baby...ohh!

ooh we baby...ohh-ooh!

let me see ya,

one more time..

//CHORUS//
