Inside my flacid cage
I feel so safe
I walk towards the door
Find my escape

Assult of saltless sweat
Falls from the sky
White flash of burning light
Stains my naked eye

It's raining light
It struck me down
It's raining light
And i'm the one it found

One in a million chance
And back I flew
And now it's blinded me
I feel confused

I feel it in my veins
And through my bones
My hair stands erect
Dance to the high pitch tone

It's raining light
It struck me down
It's raining light
And i'm the one it found

There was no choice there was no way
To read into the storm that day
It happened then it happened fast
With clouds of black shadows cast

From what i've seen and what I felt
If I was weak i'd probably melt
So why it came to hit me
I think I know I think I see

Strike one
Strike hard

Stop my heart

Strike two

Strike three

Electric scar
