We are all lambs in heat  
When we're born we can smell defeat  
Today we lose our lives to someone who just needs to  
eat

Forgotten verses fill a void  
To know is nothing when you're dead  
To learn is everything and forgive when its your blood  
thats shed

Oh baby can't you see  
Just what you mean to me  
More than just ash and dust  
And so the fire burns  
Just as the world still turns  
Can we all still trust in him  
And when the angels come  
With arms of blades and guns  
You've got no place to hide  
So pick up your soul  
To the place I know  
Cos now its time to rise

Its time to rise  
To your demise  
Don't hide your eyes  
Cos its time to rise

So when his sword is turned  
And the whole world starts to shake  
Into apocalyptic reasons just to die

Present your army  
Present your arms  
Present your malicious alibis  
While the enemy presents his gun

Oh baby can't you see  
Just what you mean to me  
More than just ash and dust  
And so the fire burns  
Just as the world still turns

Can we all still trust in him  
And when the angels come  
With arms of blades and guns  
You've got no place to hide  
So pick up your soul  
To the place I know  
Cos now its time to rise

Its time to rise  
To your demise  
Don't hide your eyes  
Rise

Does your life mean something to you  
Cos you mean nothing to me you are my enemy

Rise  
Fall  
Rise  
Fall
