It's so hard to believe
That there is anything beyond our stars
As perfect as you in my arms

She swears her town looks just like a postcard in the
fall
And she can wear the autumn like a crown
Declaring her beautiful

I put my trust in you
To wear on your heart like it's a tattoo
And I believed in you
But I sit alone
It's like you don't even care

Tell me now what you want from me
Open up my eyes and make me see
'Cause I don't know what you want from me
So open up my mind and make me believe

And I have seen her town looks like a postcard in the
fall
With softly spoken words
I'll tell her
This is where we need to be
