I saw you with another guy the other day  
Hey... what were you thinking?  
Then I saw your ship setting sail the other day  
Hey... now you're sinking

What can I do to avoid  
The feelings you throw my way  
I get caught up in the emotions  
And after all you know  
It's getting in the way  
I hate going through the motions

Who's laughing now?  
Who's the clown now with the smile on upside down?  
Who's missing who again?  
What's with the sour look? don't tell me you got hooked  
And let him jump right in

I heard you tell your friend  
About him on the phone  
Hey... vicious laughter  
And now I know the reason you left me alone  
Hey... I was coming after you  
What can I do to avoid the feelings  
You throw my way  
I get caught up in the emotions  
And after all you know  
It's getting in the way  
I hate going through the emotions

Who's laughing now?  
Who's the clown now with the smile on upside down?  
Who's missing who again?  
What's with the sour look? don't tell me you got hooked  
And let him jump right in

Over and over  
You said you were going to leave  
A 4 leaf clover, I'm lucky as I can be  
My first true lover brought me to my knees  
And now that it's over let me rest in peace

I saw you with another guy the other day  
Hey... what were you thinking?  
Then I saw your ship setting sail the other day  
Hey... now you're sinking

What can I do to avoid  
The feelings you throw my way  
I get caught up in the emotions  
And after all you know  
It's getting in the way  
I hate going through the motions

Who's laughing now! ?
