I never meant for you to get hurt  
And how I tried, oh how I tried  
I could never give you just what you deserved  
Another man would surely learn

I know these words  
They only serve to twist the knife  
But I will try to make them heard  
Maybe it's better now I've gone away  
Maybe it's not, oh who can say

And though it's hard for me to say  
I know you're better off this way

And when I told her  
I didn't love her anymore, she cried  
And when I told her  
Her kisses were not like before, she cried

And when I told her  
Another girl had caught my eye, she cried  
And then I kissed her  
With a kiss that could only mean goodbye

And though it's hard for me to say  
Maybe you're better off this way  
And though it's hard for me to say  
I know you're better off this way

Get away, get away  
Get away, get away  
Get away, get away
