CLOSER

(G. Ignacio / B.Tangkeko)

I
I remember the day we met
And the sun was about to set
I often think about you day and night
How time flies by
Now there's light.

REFRAIN

I remember the moment
I fell in love with you
You told me (You/You'll) feel
The same way too.

CHORUS

To be closer to you (closer to you)
(That's/Is) all I want to do

To be closer to you
And feel the same way too.

BRIDGE

I am hoping and I always pray
That God won't take you away.

II
All the love letters and "I love you's"
Won't mean a thing if it wasn't from you
I wish that we could be together again
Right this moment until the end.

[REPEAT REFRAIN, CHORUS & BRIDGE]

ADLIB

[REPEAT REFRAIN & CHORUS then fade]
