I should have told you  
That I really love you  
The very minute that I saw you  
I knew the love I felt was true

Its drivin' me crazy  
Oh I need you baby  
You're the only one I'll ever need  
Tell me what to do I'll take your lead

refrain:  
But I waited far too long  
Now you're in someone else's arms  
Its tearing me apart  
If I only knew you could have been my girl

chorus:  
I just wasn't brave enough  
To tell you all the things I feel are true  
That this heart of mine beats just for you  
And I realize that I just wasn't brave

enough  
Now the only thing that's left for me  
Are the tears and regrets  
'Cause I just wasn't brave enough

I'm still dreaming of this crazy feeling  
Just don't know what else to do  
I just can't get over you  
I want to tell you that I really need you  
If I could only give the world to you  
Just to prove my love for you is true  
(repeat ref. and chorus twice)

And the pain I feel is just too much  
When I see you in his arms  
'Cause I just wasn't brave enough
