

Morning Again

The best minds of my generation
Destroyed by financial devastation
At the base of the pyramid
We've gotta make a circle instead

Homeless!
We are homeward bound
In poverty we drown
Wait not for their hand
Seize a piece of land

Circle N!

Leaderless!
One man cannot command another
Urban solutions, brother to brother
Territory wars
What you need is yours

Empty buildings & nowhere to go
Livin' in the streets in the rain, come snow
Not a single inch of the earth
Belongs to any man
Necessity is mother to solutions
So do what you can....
