It's dark in here  
Visions are flashing into my head  
as I reminisce  
my reoccurring dreams and you said  
I'm falling, falling for you babe,  
and my feelings are getting stronger,  
so why don't you stay with me for a  
for a little while longer  
Come here boy,  
Oh come here boy,  
Come here boy,  
Oh come here boy  
I know that my face  
is only too familiar to your sleep  
I can see it in your eyes  
I can tell by your body heat  
Why are you taking so long  
You need to come and find me, Honey  
to set your mind at rest  
and let your dreams run free  
You know, I'm no stranger in your dreams  
I'm craving I'm howling I'm beggin I'm pleading  
Be mine tonight  
Oh and I'm waiting I'm dying, I'm wanting and needing  
to show you a night  
Where I'll be touching and holding caressing and  
giving you  
your every fantasy  
I'll get you dreaming and lusting and burning and  
praying  
for more of this ecstasy
