Foolish

my cloud

and everything here is mine

nobody lives here but me

unless I say they can

they go when I tell them

oh conversation begins at a time

when I wish to talk to it

where I wish to go

go takes me there

on whatever I wish to travel on

travel keeps me safe

and you're so beautiful

my life treats me well

life is nice to me

shooting down the obstacles one by one

like a matchstick sonisphere

disappearing in the air

yeah which lets me breathe

what I choose to breathe

and mornings only come when I call them

when I'm rested
and rest it comes when I ask it
then he guides me through the unknown
and the unknown becomes the known
when I say
and you're so beautiful
cause you're all mine
yeah, you're all mine
I love it here
I am it here
I live it here
yeah, I am it here
and you're so beautiful
Kidding
a figure
dressed in the finest attire
laden with assets
to make an impression
on a stranger's eye
and he lives in a palace
surrounded by roses
in a perfect picture
he's in deep with the shallow
he's fading cause he can't see the sky
who are you kidding mister?

I can give you everything

who are you kidding mister?

I can give you anything

who are you kidding mister?

I'm so happy that I could sing, yeah

nobody, you're kidding nobody

nobody but you

a dinner with twenty people you hate

and they're hating you more

talking politely, it's all a show

tell me what is it for?

and your laugh is tale-telling

they follow

but you know you're not a funny man

the truth is the meaning

and your life is

that you wouldn't have one

if you were poor

who are you kidding mister?

I can give you everything

who are you kidding mister?

I can give you anything

who are you kidding mister?

I'm so happy that I could sing, yeah

nobody, you're kidding nobody

nobody but you

yeah,
such a shame, sir
such a shame, such a shame
who are you kidding mister?
I can give you everything, yeah
who are you kidding mister?
I can give you anything
who are you kidding mister?
I'm so happy that I could sing, yeah
nobody,
but yourself
nobody
Pocket Sun
hold your head down
in a ducking pond
see how I breathe the bubbles
pick a few stars out
for a cloudy night
I could tame damien
my love infectious bites you
I have a pocket sun boy
I'm everything that burns in you
yeah in my evergreen day
in my beautiful day
in my element day

I know I can feel the dawn

peel the skin of love

and lay it on me

my window wide and open

free fall from the moon

my earth, my friend will catch me

I'm a carbonator

I'm the fizz for all I want to be

I'll free the sword

I'm the killer for all the hurts in me

in my evergreen day

in my beautiful day

in my element day

I know I can feel the dawn

faint reminders

of the rerun flicks of old days

caught in iron till it melts and bleeds them life

in my evergreen day

in my beautiful day

in my element day

in my beautiful day

I know I can feel the dawn

in my evergreen day

I Am In Love With You

I am in love with you

I am in love with you, baby

I am in love with you,
yeah at least for the moment
hit me with another one,
yeah just like that
hit me with another one,
and kiss me for longer
I am in love with you
I am in love with you, baby
I am in love with you,
yeah at least for the moment
baby don't you run away,
come here and finish what you started
I am in love with you
I am in love with you, baby
I am in love with you,
yeah at least for the moment
split second and it's all in smoke yeah,
so when this fire dies
no don't get yourself in situations,
baby that you can't handle
come on into my bed with me,
I know you want to
come on into my bed with me,
what are you waiting for
I am in love with you

I'm not in love with you, baby

I'm not in love with you, yeah

not anymore

Leave Me To Love

complications, more so I can say

promises and deadlines make it hard to stay away.

all these strings are attaching to me,

and I can't find the scissors.

yeah

all I tell them "I'm back" and I'm not.

I can't remember where I was, I forgot.

knitting it all, these holes that I need,

to crawl through a brick wall,

is hard to say the least.

where's that thought, that thought uncomplicated
things?

where's that peace of mind, that peace that made it
easy?

where's that simple day, that simply made it nice to be
in.

where did it go? Where did it go? Where did it go?

yeah.

got you a murky light, tell me what can you see?

a huge cloud of shit, hanging over me.

can you blow it all somewhere else?

it's making it hell to distinguish myself.

tired of the tyrants who only think they're all business.

pissed with their patience, they constantly agree.

"yes sir, yes sir, three hundred bags full."

it's easier to say yes than to say no to a fool.

where's that thought, that thought uncomplicated things?

where's that peace of mind, that peace that made it easy?

where's that simple day, that simply made it nice to be in.

where did it go? Where did it go? Where did it go?

yeah.

cover me in cyanide

cover me in ink

cover me in formaldehyde

and leave me here to think.

cover me in carpet

cover me in tile.

cover me and evict me and put me in a file.

strip me bare, don't let me breathe.

strip me to my skin.

strip me so you can watch me clean off,

all these things I've been.

strip me naked of these walls

strip me of all my rules

strip me boy and see how small I am without you.

inseminate the good now

inseminate the pure

inseminate all the shit that I've forgotten how to whore.

inseminate the natural

inseminate the dirt

inseminate the ineffectual

and leave me here to love.

leave me here to love

where's that thought, that thought uncomplicated
things?

where's that peace of mind, that peace that made it
easy?

where's that simple day, that simply made it nice to be
in.

where did it go? Where did it go? Where did it go?

yeah.

leave me here to love

Mutual

if you were a bottle,

would you break on me?

and if you were the truth,

would you lie?

if you were a mouth,

would you spit on me?

if you were salt,

would you get in my eye?

I know the answers

yes already

and I'd do all of the same

for you

if I was your dog,

I would shit on you

if I was your happy,

I'd make you sad

if I was your everything,

I'd make sure I meant nothing to you

if I was sane,

I'd make you go mad

well you knew this all already

and you'd do all of the same

for me

don't be a fool little helper

'cause I won't be stopping to save you

don't get in the way

this sawing chain has got your name

this sawing chain it bears your name

this sawing chain has got your name on it

this kind of thing happens all the time

it's just useless trying to make a fuss

it's the way it's gonna always be for you

for me

for you

for me

for everyone

forever

Not You Again

oh, no, not you again

please don't tell me

you're here to stay

see I don't want to hear

go away, go away

I like piano

I like TV

yeah I like my style, ya know

and I like to dream

I like color of the rainbow

they like to please me

but I don't like you

I don't like you

I've told you before

and I'll tell you again

and again

can't you get it through your head

you're not my friend

and I've tried to be nice

but now I'm not going to lie

so I suggest you leave

before I make you cry

bye

I like to be sulky

I like being vile

I like to make you angry

I like it all the while

I like to know that you're hated

it makes me smile

but I don't like you

I don't like you

oh, no, not you again

why, why, why me?

I like where I'm living

I like my view

I like anyone who detests you as I do

so I must like everyone

including me too

'cause I don't like you

I don't like you

I'm sorry

oh, no, not you again

I don't like

I don't like You

I don't have to give a reason

If I don't want to

hello? I said hello.

Airplane

drifting though the atmosphere

up on into space

leave behind the moon he's sitting
in his special place
some flutterbies they enter and they
play around in my soul
and once again part of me
fills up to be whole
da da day
I'm with my aeroplane
peaceful colours everywhere
purples and deep blues
feeling so at home here
oh as if up here i grew
it's so beautiful up here now,
oh I think I might just stay
all alone and by myself
so free and far away
da da day
I'm with my aeroplane
I can see heaven
heaven down below
I look at heaven
and an angel who I know
I can see heaven
heaven down below
da da day

I'm with my aeroplane

just happy to be me again

Feeling Strange

can you tell me why am I feeling?

can you tell me why am I feeling?

tonight I am myself again

I am one as whole

I realise that I'm like this

when I look into my soul

I see a confused vessel there

sitting even though I'm not

under the influence of any

substance for a shot

no substance for a shot

no substance for a shot

yeah

can you tell me why am I feeling

as I were floating in space again

yeah

can you tell me why am I seeing

life in a blur

I don't feel - I don't feel normal friend

will it even end?

all I have to do to get me into this state

is to just be left alone

and even then it's far too late

my mind begins to wonder
travel far and beyond
the barriers of human thought
yeah they break here before too long
yeah they break here before too long
yeah they break here before too long
can you tell me why am I feeling
as I were floating in space again
yeah
can you tell me why am I seeing
life in a blur
I don't feel - I don't feel normal friend
will it even end?
I start thinking overloading
my thought capacity
my vision take em somewhere
now at great velocity
I can't get out of this I'm caught
please interrupt
imagination runs away from me
is it normal to be corrupt
can you tell me why am I feeling
as I were floating in space again
yeah
can you tell me why am I seeing

life in a blur

I don't feel - I don't feel normal friend

will it even end?

can you tell me why?

can you tell me why?

can you tell me why?

can you tell me why
