Wake the devil  
Hymns of failure  
With forgotten names  
Born with a mark  
In the forehead  
No saviours no saints

To take the whip away  
The time has come  
To hit the ground with the crown  
The time has come  
To spit the venom out  
The time has come  
To set this world on fire  
The time has come

Church of sinners  
No forgiveness  
No deliverance  
Bloodfull rivers  
Angry givers  
Heads to crucify

To take the whip away  
The time has come  
To hit the ground with the crown  
The time has come  
To spit the venom out  
The time has come  
To set this world on fire  
The time has come

Cry  
Erase our names  
Black  
Clouds come in  
Scream  
Scream once more  
God's  
Not at home
