Plague of carrion  
Darkest hour  
Seed of evil  
Bleed your mother

No time to rise the axe  
The throne buried in ice  
No more restrained anger  
Rotting this blackened earth

Instant justice  
Cry for mercy  
There was no warning swords are thirsty

No time to rise the axe  
The throne buried in ice  
No more restrained anger  
Rotting this blackened earth

It's time to show  
Those in the need  
Eradication is the key  
Fire with fire  
Eye for an eye  
Mistaking bastards for kings  
Creep in the shadows  
Free from everything  
But outside the whip is waiting  
Their heads on the anvils  
Hammers on their heads  
You know that karma's a bitch

It's time to draw a line  
And show the blackest heart  
Let the thunder comes  
Let gas this carrion

The blackest heart!!!
