(David Barratt/Carl L. Marsh)

live on the shelf life on the corner  
deal with the real world  
cease and desist  
don't cut it up girl i see you  
in the morning  
a tender apparition coming  
out of the mist

you're on a chain gang working  
in limbo  
every little motion tied to a risk  
well you wanna be a lover  
maybe undercover baby  
gimme information and i'll save it  
to disc

i don't want to wait  
don't want to see the light  
fade out the cab babe  
get ou the cab  
if you think the universe was made  
to drive you mad  
get out the cab babe  
get out the cab

high on the hog high wire humming  
race with a spaceman planet  
and stars  
it's only love girl  
i think i hear it coming  
sing hallelujah  
while i'm crashing the car  
you're insane man  
talking in a strange tongue  
too much emotion nothing to lose  
swimming in the wishing well  
do a kiss and tell  
gimme satisfaction  
'cause i'm getting the blues
