The good days and bad days pass us by
I know you'll make it through
tonight-
Take a step back and look around
you're never
alone-
(I was never alone)

So don't worry
i'm always here
please dont cry
you will be fine
you'll be fine

I knew you were always there
and now im here for you-
i will wish on a shooting star
to see you smile right now-

So dont worry
(I was never alone)
i'm always here
please dont cry
you will be fine
you'll be fine

and i promise you that i'll be here forever
and you will never be alone again
never again-

So please dont worry
(I was never alone)
i'm always here
please dont cry
you will be fine
you'll be fine

you'll be fine-
