I'll bury my face,
In my hands,
I'm sifting through thoughts,
That I have,
And nothing's making sense.

I called it off,
Called it quits,
And this is the melody,
I'm stuck with,
And nothing's making sense.

You think I forget,
What went wrong,
Well you better think that through,
Cause I'm done,
Writing love songs,
For you.

I turn off my heart,
From my mouth,
I'm watching your car,
Leave my house,
And U've seen that look before,
But I can't take no more.

Do you remember what we were?
I think you've forgot,
What went wrong,
Well you better think that through?
Cause I'm done,
Writing love songs,
For you, you, you.

Cause you once said we'd never fall apart,
If I remember it,
You swore a brand new start,
As we layed on that bed,
New Jersey raining hard,
And we talked through the movie,
And our favourite part.

So tell me how did it get this far?
I think I forgot,
What went wrong,
Well you better think that through,
Cause I'm done,
Writing love songs,
For you.

You think I forgot,
What went wrong
Well you better think that through,
Cause I'm done,
Writing love songs,
For you.
