So I stayed up through the past few nights,
And over time I have realised,
That after all of the time that I gave and I gave,
It never kept you awake,
But it pushed me to stay right here,
And wait around for you,
Just wait right here,
I'll be back for you.

I have lost my chance,
To give this my best,

You're not mine and I know it,
And that night I couldn't hold it in,
Because I feel just right,
When you're standing next to me,

Your perfect pictures in my hand,
Of possibility,
It was the words you whispered then,
That led me to believe,
You led me to believe,

You're not mine and I know it,
But that night I couldn't hold it in,
Because I feel just right,
When you're standing next to me,

And I've thought about this night and day,
Oh and I wish that you could stay with me,
And hide inside the summer heat,

And I could get better,
And I could give more,
And I can't be better,
Than you've had before,

And I could get better,
And I could give more,
And I can't be better,
Than you've had before.

You're not mine and I know it,
But that night I couldn't hold it in,
Because I feel just right,
When you're standing next to me,

And I've thought about this night and day,
Oh and I wish that you could stay with me,
And hide inside the summer heat,

You're not mine and I know it,
But that night I couldn't hold it in,
Because I feel just right,
When you're standing next to me.

And I've thought about this night and day,
Oh and I wish that you could stay with me,
And hide inside the summer heat.
