I'll waste my time I'll be your strength You will be my blood and my heart I will bring you down I will steal your soul You will be mine, you will be mine Why can't you see?

You say you are Ready to get away from All those who are bringing you down And you won't Let me in I want to know your deepest desires And your fears Under my command You won't be alone and afraid no more No more.

I'll waste my time I'll be your strength You will be my blood and my heart I'll bring you down I'll steal your soul You will be mine You will be my heart Will be my heart Will be my blood.

I swear that I will treat you right If you just tell me your lies Give me your trust and I won't tell In your dreams You will see my face And finally feel what I mean There is no truth I just have a point of view I wish that you could only see

I will waste my time I will be your strength You will be my blood and my heart I will bring you down
I will steal your soul
You will be mine, You will be mine
You will be my heart
Why can't you see?
We were meant to be together.

In life or death I will be by your side
I will give you my air
You will breathe when I command you to
Nothing in this world
Can make me give up on your love
Even if you don't want to, I will make you
Change your mind and you be.
Will be.
Mine

I will waste my time
I will be your strength
You will be my blood and my heart
I will bring you down
I will steal your soul
You will be mine, You will be mine.
Will be my heart
We were meant to be
Together
