Every time that you take a breath  
Are you really trying just to breathe?  
All the shadows that surround you  
Separating you from all the rest  
When the silence is finally broken  
And the promises forgotten  
But I never forget

I'm counting all the hours  
Cause you know our time is running out  
Every path you follow  
One choice that you don't even see  
When the light is blinding your eyes  
And you dream while you're awakening  
But I'm never dreaming  
No, I'm never dreaming...

Time goes by and I'm  
Waiting for a change  
I know I try  
I'm never giving up...  
When your fears begin to haunt you  
And your words can no longer be heard  
I can see the curtains closing  
Sometimes I can hear your lonely cry  
When you pay for all your mistakes  
And your regrets don't let you sleep no more  
Are you screaming for help?

When there's nothing left to say and  
Everything you wanted seems so far  
You can try to run forever  
You can live in denial but it won't help  
When you think that you are so close  
I am always one step ahead  
Don't try to forget  
Don't try to pretend

Time goes by and I'm  
Waiting for a change  
I know I try  
I'm never giving up

Time goes by and I'm  
Waiting for a change  
I know I try  
I'm never giving up

I know it's not easy to be free  
When you're tied to your lies  
If you would just open your eyes

Time goes by and I'm  
Waiting for a change  
I know I try...  
(I try)

Time goes by and I'm  
Waiting for a change  
I know I try  
I'm never giving up  
Never giving up, never giving up...  
Never giving up, never giving up...
