Oh oh oh, calm in our storm  
Oh oh oh, calm in our storm

Only see the messes that you make  
Now you're consumed by the problems that you face  
The clouds are moving in, your faith is wearing thin  
You question every step, as doubts fill your head

Take heart, He's never gonna leave us  
Our God, the strength in our weakness  
Come rest in His arms  
He is the calm in our storm

Oh oh oh, calm in our storm  
Oh oh oh, calm in our storm

You feel forgotten, a castaway  
Seems you're all alone it's hard to be brave  
No matter where you've been, no matter where you are  
Grace is crashing in, His love is not that far

Take heart, He's never gonna leave us  
Our God, the strength in our weakness  
Come rest in His arms  
He is the calm in our storm

Oh oh oh, calm in our storm

Don't let your hope give out in the fight  
He's one breath away from giving you life  
He's in control, it'll be alright

Take heart, He's never gonna leave us  
Our God, the strength in our weakness  
Come rest in His arms  
He is the calm in our storm  
[x2]

Oh oh oh, calm in our storm  
Oh oh oh, calm in our storm
