Can you hear the symphony in our heads
As we slow dance in our apartment?
I don't know how we'll pay the rent
Flying blind but it feels like the movies
This is our favorite scene

Hold my hand, we'll make it dear
Watch the worries disappear

I'm in over my head
You're diving in with your eyes closed
We both know, we're lucky in love
Two worlds coming apart
We're unraveled intertwined
Your heart with mine, lucky in love

Can you hear the orchestra playing strains of living
Beyond our means? I can feel your heartbeat
(We're lucky in love)
Echoing of arguments you're crying now
But you're all I could ever need
So just dance with me

I'm in over my head
You're diving in with your eyes closed
We both know, we're lucky in love
Two worlds coming apart
We're unraveled intertwined
Your heart with mine, lucky in love

Hold my hand, hold my hand
We'll make it dear
Hold my hand, hold my hand
Watch the worries disappear
[x2]

I'm in over my head
You're diving in with your eyes closed
We both know...
Two worlds coming apart
We're unraveled intertwined

Your heart with mine, lucky in love
